

I am delighted to be joined by Korin Nolan inside of The Instructor Academy.

Korin is the founder of Power Pilates UK, co-founder of Dynamic Pilates TV and founder of the new app Class plan.

Needless to say Korin offers a wealth of knowledge not only about teaching Pilates in person but also setting up online platforms and apps along side running an in person highly successful and popular studio.

Korin will be joining us for a live Q&A session where I will be discussing with her the rise of Dynamic Pilates, how she juggles everything and also the exciting new class plan. You will then have your chance to ask Korin anything and benefit from her experience and expertise.
